August 2023

Dear Parents and Guardians,

Welcome to Century Community Charter School! My name is Ms. Tricia Hamilton and I teach 6th Grade Math. I am excited that your child will be in my class. I look forward to new and exciting experiences as your child grows academically. I will challenge your child to be the best math student that they can be. Below you will find important information that will help your child have a successful year in my class.

My classroom theme is NETFLIX, not because everyone loves looking at Netflix shows, but because I will lead the students in what it really means to be a NETFLIX student. All students will learn

N – Notice

E – Engage

T – Teamwork

F – Focus

L – Leadership

I – Impress

X – eXcellence

**REFER TO BEAR BASIC FOR MORE RULES ON HOW TO BE
A SUCCESSFUL **NETFLIX** STUDENT**

Grading:

Assessments: 40%

Activity: 30%

Participation: 10%

Homework: 20%

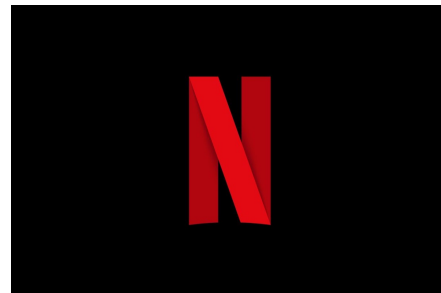

Responsibility:

- ◎ Students and parents are responsible for checking the class weebly website for all Homework assignments, Project Info, school activities, weekly events, and What Do You Think section.
- ◎ Check Google Classroom for specific assignments. It will have due dates and instructions.
- ◎ All parents and students are encouraged to check POWERSCHOOL & Google Classroom weekly to monitor grades.
- ◎ Students are responsible for writing down all homework assignments in their agendas and check off the completed work. Parents are to sign agendas each week.
- ◎ Students are responsible for submitting **assignments** in a timely manner.
- ◎ Students should have all required materials ready for class.

My Educational philosophy includes meeting students where they are academically. My goal is to make sure that all students can access knowledge and can apply it in a credible way. The 6th grade math standards will be taught and the students will be engaged in a creative format. I look forward to partnering with you in your child's academic process.

Sincerely,

Ms. Tricia D. Hamilton
